GENERAL PROGRAM INFO

› Dates, costs, destinations and itineraries are subject to change due to local conditions; faculty/lecturer participation also subject to change.
› Reservations are confirmed on a space-available basis with each tour operator, first-come, first-served.
› Trojan Travel has no control over negotiated and contracted arrangements with local providers, air travel schedules or trip cancellations. Our tour operators negotiate preferred/special group rates with major airlines that may require you to take non-direct flights due to increased traffic and/or fewer available flights to designated airports. Feel free to discuss other flight options with the tour operator. In the event of a trip cancellation or change to the tour, Trojan Travel will have no liability for the purchase of nonrefundable airlines tickets. Travel insurance is highly recommended should you need an airline refund due to cancellation. Tour prices are listed per person and based on double occupancy. A limited number of single spaces (with a supplemental charge) are available on a first-come, first-served basis and vary by program.
› Tour prices are listed per person and based on double occupancy. A limited number of single spaces (with a supplemental charge) are available on a first-come, first-served basis and vary by program.
› Early Booking Discounts (EBDs) are available on some trips; upon expiration of the discount, the full trip cost applies.
› There are no eligibility or membership requirements to participate in the travel program; we welcome the extended Trojan Family!
› We strongly advise the purchase of comprehensive travel insurance. For your convenience, Trojan Travel provides an insurance option upon your reservation confirmation. You may also visit our website to apply for this insurance online.
› Travelers must be in good physical and mental health and able to match the pace of the tour in mobility and activity. Many excursions involve walking to sites not immediately accessible by bus. Variations in altitude, temperature and humidity are common. Anyone who requires assistance must be accompanied by an individual able and willing to provide the necessary support at all times. Wheelchairs are NOT readily available abroad; please check on a per country basis.
› Obtaining personal visas (as required) and passports, including costs, are the responsibility of each traveler.
› Trojan Travel is not responsible for the accuracy of the Trojan Travel mailing list. In addition, the timeliness by which requested changes are made is not within our control.
› Please check our website for the most up-to-date trip information. Not only are itineraries subject to change, but additional trips may be offered that are not reflected in this catalog.
› Cancellation penalties are determined by each tour operator, not Trojan Travel. Please read each brochure carefully. Trojan Travel cannot provide any refund.
› First and Business Class air reservations can be made directly with our tour operators on a space-available basis, which is determined by the respective airlines. Trojan Travel is happy to assist you.
› Upgrading your air reservation using personal mileage programs is very doable. However, the tour operators are not able to directly book these reservations on your behalf. Airlines will not allow tour operators access to this type of booking since it involves your personal credit information which in turn allows you to accumulate air miles as a reward. Each airline operates and administers its own mileage plus program and each program varies. They require the individual to book these reservations (using mileage benefits) directly with them. While Trojan Travel is not able to assist you with this specific type of air reservation, we are happy to advise the tour operator of your final air plans.
